

Exchangeable:

Due to the convenient changing system the three file tips can be exchanged easily. For best possible results it is recommended to replace the file tips every three months.

Tip for use:

Perform the same movements as you normally do when using a manual file. Always filing towards the center of the nail.

NAIL BEAUTY

SONIC SYSTEM

Healthy and beautiful fingernails stand for vitality and contribute to a well-groomed appearance.

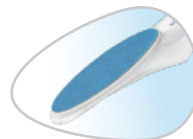

However, in everyday life our hands are extremely stressed. External influences can severely affect our nails.

TRISA Nail Beauty Sonic System offers a gentle and professional nail care to modern women both at home and on the go – for optimally shaped and naturally shiny nails.

Step 1:

Trimming the nail and providing a perfect shape.

Step 2:

Refinishing and smoothing the nail edges.

Step 3:

Polishing the nail surface and giving it a natural shine.

Step 4:

Gently pushing back the cuticles.

Watertight:

Can be rinsed under running water.
